

# How to publish a resource through the portal interface, managing resource specifications

Resource Specifications represent the resource being offered. To list your service specifications go to *My Offerings* section and click on *Resource Specifications*.

## My offerings

**Resource Specifications** Add new resource +

**Filter by state**

Filter by state

NAME	STATUS	LAST UPDATE	ACTIONS
Resource	Launched	Thursday, 11/07/24, 11:21	

Additionally, it is possible to filter the shown resources by its state. To do that, click on *Filter by state* and choose the required parameters.
