

# Checking marketplace's landing information

Customers can also check the information provided on the website's home page.

The first thing that appears on the home page is its banner which has two buttons in it: (1) *Learn More* button which leads to the project's website and (2) *Watch video* button which leads to a project's informative video.

Right under the banner, there is a search bar. Here you can write whatever keyword you want to search by and then when you click the search button this will lead you to the *Search* page filtering the offerings by that keyword.

The next section is the *How It Works* section which explains what customers and providers can do over the website.

Right under the last section is the *Featured offerings* section which shows a small portion of the available offerings on the website. (Note that this cards behave the same way as the ones on the *Search* page.)

## Featured offerings

**BIOGENOMIC EXPLORER**

Data Data Processing  
Cloud services Level 1

**BioGenomic Explorer**  
Lorem ipsum dolor sit amet,  
consectetur adipiscing elit, sed do...

The next thing on the Home page is the *Platform benefits* section which basically shows a list of benefits that this platform offers.

## Platform benefits

Your Gateway to Europe's Premier Digital Ecosystem

**Open**

Navigate with confidence through transparent practices in service provisioning, pricing and operations.

**Interoperable**

Unlock endless possibilities with our open ecosystem, designed for seamless collaboration and innovation.

**Trustworthy**

Build on a foundation of trust with services vetted for security, reliability and compliance.

**Compliant**

Stay ahead of the curve with services that adhere strictly to EU regulations and standards, for legal compliance and data protection.

**Sustainable**

Embrace sustainability with services that prioritize energy efficiency and environmental responsibility.

**Transparent**

Navigate with confidence through transparent practices in service provisioning, pricing and operations.

The last section of the Home page is the *Explore the Distributed Open Marketplace Project* section which shows some information about the project.

# Explore the Distributed Open Marketplace Project

Whether you're seeking in-depth reports, latest updates or upcoming events, everything you need to know is just a click away

## Events and Webinars

Join us at our next event or webinar to connect with fellow innovators, learn from industry leaders and discover new opportunities within the 'DOME' Project's ecosystem.

## Latest Updates and News

Stay informed with the latest developments, service enhancements and industry insights directly from the 'DOME' Project's website.

## Resources & Reports

Access our library of resources, detailed reports and case studies to gain a deep understanding of the cloud and edge market landscape and 'DOME' Project's impact.
